

Petainer Keg sanitising guidance for filling and dispensing

Recommended 70% Ethanol or similar such as Isopropyl Alcohol (IPA).

Not suitable if acidity \leq pH 3 or alkalinity \geq pH 9.

Do not use cleaning detergents & chemicals could cause stress cracks on the components.

Please consult with your local Petainer sales representative if you have any questions about chemical compatibility with the Petainer Keg.

Disclaimer: Petainer accepts no responsibility for the use of chemical substances or alcohol based solutions in the factory. Always follow your company's health and safety guidelines.
